Compensation for Lands Submerged in raising the Anicuts of Bandikodigunta Lanka, Tank, Devarakonda Taluk.

Copy endorsed on

CHIEF SECRETARY'S OFFICE.

REVENUE BRANCH.

OFFICE NOTE.

SUBJECT. Compensation for the lands ~~xxxx~~ submerged in raising the wasteweir of Banda Kodagihalli ~~Tank~~ Tank

LAST REFERENCE. Letter No. D 83 dated 18th July 1893 from the Deputy Comr. Bangalore

An abstract of the case is drawn up in the Dy: Comrs memo submitted with his no 313 Dy 22nd June 93 (Vide paper no 5/a).

2. In submitting the above memo, the Deputy Comr. promised that he would submit a further report on the claims for damage owing to loss of crops durin

the last two years, with a statement of Exchange lands for all the godidars, and this he has submitted now.

Vide paper no 8

3. The Dy Comr states in his statement that for a total area of 39 acres 25 guntas submerged, an area of 40 acres 2 1 guntas bearing an assessment of Rs 269-12-2 may be given in Exchange and that a money Com-pensation of Rs 195 may be paid for the loss of crops during the last two years.

Vide paper no 8/a.

Vide paper no 1/b.

4. The above arrangement obviates the necessity of paying money Compensation for also. the Lands

5. The Executive Engineer states that it was understood at the time that the original project was sanctioned that the lands that would be submerged by raising the weir level would not be relinquished, and that therefore no compensation would have to be paid. This shews that the lands in question were not formally acquired and that there was no provision made in the Estimate for Compensation to the Zamindars.

Vide 910/208 Dy 8th March 92 (page 910 8/a).

6. Mr V. P. Madhavakow, the then Dy Comr is also of opinion that Exchange

Vide Com: order no 159 Dy 4th May 92 to the amildar.

exchange of the other lands
for those submerged may
be made & thus the
necessity for the payment
of money compensation
may be avoided, as he
thought that the lowering
of the Kadi level would
be prejudicial to the
interests of both the
Jodidars & the Govt.

7. The Deputy Comr
was requested to submit
a statement of lands
to be given in exchange,
which he has now
submitted.

paper no (9)

8. The petitioners who presented the petition expressed their willingness to forego their claims either for exchange of lands or for compensation for the sub-merged area, if the level of the waste weir is lowered to its former level. As the P.W. Deptt was willing to lower the waste weir rather than pay a heavy compensation, it was directed that the Chief Engr should be requested to arrange for lowering the Kodi level. The Dy Comr was also directed to settle the Jodidars' claim for loss of crops & deduct the amount fixed for compensation from the arrears of revenue due by the Jodidars.

6

9. In reply the Dy Comr now reports that the 1st Gen: Asst Comr has paid the compensation for loss of crops at Rs 140/- & that this amount has been remitted & the balance of the arrears has been ordered to be demanded.

Vide Dy Comr's no D.506 dy 25th Oct 93.

Submitted with 2 drafts for approval or other orders.

9/12/93 11/12/93

10 The Dy Comr was requested* to submit for formal sanction an application for the payment of compensation referred to by him, which should be adjusted towards the amount said to have been remitted. The Dy Comrs Bangalore & the Chief Engr in Mysore were also requested* to report whether any —

* Vide no 9339/Rf. 72-93 dy 13-12-93. (Paper no 11).

* Do — and no 9340/Rf. 72-93 dy 13-12-93. (Paper no 12).

arrangements were
by P.W.D
made for the lowering of
the Kodi level.

11 The Chief Engineer has
now reported that the execution
of the work, though ordered in
March 92 & again in Sept 93
is only now in progress, and
that he has ordered its
immediate execution & will submit
a report on completion.
Submitted for orders.

26/1 A reminder to the
Dy Comr as regards
the formal application
for payment of
Compensation for loss
of crops will issue.

15. With reference to the orders of Govt sanctioning a bill for Rs 140/ the Jodidars of the Begur Village represented in a petition addressed to this Office No 2868 that the Compensation above sanctioned is very inadequate and prayed that a Compensation of Rs 560 may be granted for loss sustained during 4 years when their lands were under water They further represented that the Kodi had not been lowered.

× Cl. no 19

and prayed that coercive measures may be deferred for the recovery of the Jodi amount due by them till their claims for compensation was settled

No 20.

16 The above petition was also forwarded to the Dy Com^r for report.

17. The Dy. Com^r has now submitted his report. ~~From the report~~ from which it would appear that the Kodi of the tank in question was raised in the year Vikruti and a 36-8/24 of land belonging to the Begur Village were submerged; ~~and the lands were [illegible] unfit for cultivation for 4~~

In Khana the lands were not submerged but they were not cultivated; In Nandan the lands were submerged but the Inamdars were given other lands & the assessment there on collected from them.

payable to them
~~years~~. The Compensation will
~~then~~ amount to Rs. 560 at
from this
Rs 140 per year. Deducting Rs 153-7-6
due by the Jodidars as per details
given in the letter the balance
of Rs 406-8-6 will have to
be paid to the Jodidars.
The Dy. Commr adds to this a
sum of Rs. 40-10-6 ~~for dasp~~
~~for bazar cess dasp~~: making
a total of Rs 447-3-0 as due
to them.

18. The total dues on
the Village for the past 4
years amount to Rs 1052-9-6

Deduct-
Amount collected from
the Jodidars — 378-15-6
Compensation due
to them — 447-3-0
826-2-6

Balance due by them — 226-7-0

Out of this the Dy Commr
proposes to remit Rs 110-11-0
being interest and notice fee
which under the circumstances
of the case, the Inamdars are
not bound to pay.

19. The Dy. Commr. solicits sanction to the payment of a Compensation of Rs. 307-3-0 and to the remission of Rs. 110-11 as out of the Jodi amount due by them.

~~2 separate bills will be drawn by the Dy. Commr. Kohat.~~

20 The Dy. Commr. thinks that the question of still lowering the Kadi may be considered after some Experience

(1)

To

The Chief Secretary to the Dewan
of Mysore.

Sir,

I have the honor to forward, herewith, Copy of letter No. 732 of 20th November 1891, received from Mr. Annaji Rao together with the Compensation Statement.

2. It will be seen therefrom that he has fixed a sum of Rupees 4107-8-0 to be paid, as compensation for lands submerged by Bundakodagihalli Tank in the Devanhully Taluk.

3. The Jodidars concerned request, in their petition presented to day, that a very early payment of the amount of Compensation may be made, as their lands have been notified for sale on the 25th of this month

for arrears of Jodi Rs. (325-13-9) and they have no means to pay the same at present.

4. I would therefore request that sanction to the payment of the said amount may be made, as early as convenient.

I have the honor to be

No 732
En: 1 Bundle

From.

The General Assistant Commissioner
Bangalore District

To.

The Deputy Commissioner.
Bangalore District.

Dated 20th November 1891.

Sir,

With reference to your docket No 1182 dated 2nd December last, requesting me to settle compensation for lands &c, that will be submerged by raising the waste weir of Banda Kodigihalli Amani tank of Davanahally Taluk, I have the honor to state that I inspected the lands &c, to be submerged as well as the tank &c. The Kody of the tank has been raised only one foot. By this A G 39—5 of much valuable garden and

7 lands of Begur and of Chickana halli Jodi villages will be Submerged The Jodidars wanted lands in exchange for those that will be Submerged and also for the Mamool Neerumnagaday lands

During the progress of the tank work, the Public Works Department seems to have paid a Compensation of Rs 120 per acre, for simply removing earth therefrom and leaving the land to the owners. The Jodidars therefore wanted a much larger sum, or lands in exchange for what will be Submerged. I have settled the matter at Rs 100 per acre, and the lands that will now be Submerged are. A 39 — G 5, as shewn in the Statement, and the Compensation therefor is Rs 4007-8--

The Jodidars claim Compensation for Mamool Neermanugaday lands

or those which have been under water before the Kodi was raised. As it is an immemorial Nerumangadu land, I consider that I am not called upon to settle that matter.

I regret that there was a long delay in Submitting this Statement, and it was unavoidable, as the Jodidars resided in various other places to discuss and obtain their consent for the settlement.

I have the honor to be,
Sir
Your most obedient Servant.

Memo

Of Correspondence regarding the lands submerged by raising the waste weir of the Bandakodagenahally Tank, Devenhalli Taluk.

An estimate for Rs 3988, for restoring the said tank, was prepared by the Executive Engineer, Bangalore Division, and sent to this office to be countersigned.

vide docket no 4768 of 1436

8.12.88

The estimate was returned countersigned.

To R 1200 of 15.12.88.

The Executive Engineer again made a reference to this office, asking the Dy Commissioner's opinion

Docket no 2328 of 700

23.5.89.

Opinion as to the advisa-
bility of raising the
weir of the tank by 3 feet.

He was replied to, sta-
ting that the Asstt Commissioner
Mr. Ramaeal Rao, estimated
that a compensation of
Rs 5000 had to be paid
for lands liable to sub-
mersion and that the
Jodidars were dead
against the raising of
the weir, as their very highly
prized wet and garden
lands would be submerged.

To R 742 of 21.8.90

On 19.11.90, petition
No: 1831 was received from
one Moorthyachar on
behalf of the Jodidars of
Chickanahalli, stating
that the P.W.D. had
raised the weir of the tank

bank by 1 foot and that the Jodidars had sustained a great loss thereby.

Hukum no: 648 of 20.11.90

This was referred to the Amildar for enquiry

+ urjee no: 794 of 13.12.90

He reported, that on his reference to the Sub. Divi. Sion Officer, P.W.D. he was

‡ ni yadee no: 207 of 26.11.90.

‡ ni yadee no: 25-A of 16.12.90.

intimated, that the P.W.D had raised the weir to the height of ~~the~~ turfed bank thrown across the wein by the ryots themselves before the commencement of the work.

Yadee no 61 of 6.5.91

Mr. Annaji Rao, Asstt Commissioner, was thereupon asked to report on the matter in detail, after inspection of the bank.

Docket no: 732 of 11.11.91.

He reported that while the question of raising the bund was still under

1/a

under consideration, by the Revenue Department, the B.W.D. had raised it by 1 foot and that, as much as Rs 4107-8-0 would have to be paid for lands submerged. The jodidars also deposed before him, severally, in August 1891, that they would accept lands in exchange for those submerged, but there seemed to be a difficulty in disposing of the matter, as several persons desired to possess the same land.

The matter was communicated to the Executive Engineer. To R. 1745 of 7.1.92.

Meanwhile, the jodidars concerned put in a petition+ and requested + on 11.1.92
for a very early settlement

relinquish those lands & that no compensation would have to be paid therefore.

The Chief Engineer also intimated that he had decided ~~to lower~~ to lower the weir to its former level, if such a heavy compensation had to be paid.

Dr. Lebbe no 1208 of 8.4.92.

This was made known to the Jodidars.

vide Hukum no: 1210 of 11.4.92 to the Amildar.

In reply, the Amildar reported that 3 Jodidars had agreed to take up lands in exchange for those submerged, and that as the others were either absent from the village or were residents elsewhere, notices were issued to them to appear before him for the settlement

Verpe no: 1703 of 5.4.92

Settlement of lands to be given in exchange, and that it was most likely they would also agree to the proposal.

The Amildar was ordered to give lands in exchange to the other jodidars also, and send in a statement in due form, and to take proper steps for the recovery of the jodi amount due, as it does not seem desirable to stop the sale of the village till the question of Compensation should be settled. Hukum no: 82 of 13-4-92

Some of the jodidars presented a petition on 29-4-92, to the Dy Commissioner, stating that though they 29-4-92

they were willing to take up lands in exchange, the compensation for their loss of crops in the last two years might be at once paid to them, together with a proper compensation for the damage done to their crops by submersion, when the Lodi was raised, as the sum of Rs 50 fixed for the same was too low.

With reference to this petition, Hukum was issued to the Amildar to expedite the giving of lands in exchange and to report with regard to the compensation the petitioners prayed for.

No: 159 of 4·5·92.

It is reported by him in

Urgent no: 196 of 22·5·92.

in reply, that the sum of
Rs 50/. was fixed with
the consent of the Jodidars
then present; and that
a statement showing the
lands to be given in-
exchange for those sub-
-merged, is under pre-
-paration and would
be sent shortly.

The sale of the
Jodi village for arrears
of Jodi due to Govern-
-ment is to be posted
for the 16th of July

(6)

To

The Chief Secretary to the Dewan
of Mysore.

Sir,

Adverting to your docket No. 11561/328 dated 21st January 1892, asking for information on certain points in connection with the lands submerged by the raising of the weir of the Bandakodigehally village Tank, I have the honor to forward copy of the Chief Engineer's No. 1208 dated 8th March 1892, from which it may be inferred that the lands submerged were not formally acquired and that no provision was made in the Estimate for compensating the Jodidars — The Kodi seems to have been raised in about 1889-90.

2. The Jodidars have selected — Government lands in exchange, as shewn in the enclosed Statement, and there is no objection to the same

being given to them. This will obviate the necessity of paying any compensation in money for lands taken up, except for the loss of crops hitherto, for which a Statement was already forwarded with this Office No. 844 dated 11th January 1892.

3. The entire record connected with the case is herewith submitted.

I have the honor to be
Sir,
Your most Obedient Servant.

[signature]

For Dy Commissioner.

No 1208 Mysore P.W. Department

Central Office

Bangalore 8th March 1892

From

The Chief Engineer

of Mysore

To

The Dy Commissioner

Bangalore District

Sir,

With reference to Executive Engineer's letter of 1st instant to you addressed requesting to defer payment of the compensation of Rupees 4107-8-0 demanded for the 39 acres of land that will be submerged by raising the waste weir of Bandakodigehalli Tank Regd No 58 of Devenhalli Taluk by 1 foot, or to the level to which shows usually turn I have the honor to inform

you that as this quite one of the question to pay such a heavy compensation, which is utterly disproportionate to the advantages to be gained by the increased capacity of the tank, I have decided to lower the weir to its former level, viz R.L 50.00. All the circumstances more especially the fact of the old weir being habitually turfed up 1 foot point to the exorbitancy of the demand for compensation now made. It was understood at the time that the original project was sanctioned that the lands that would be submerged by raising the weir level would not be relinquished and that

no compensation would
therefore have to be paid,
though no objection would
have been made to
such lands being acquired
on fair terms.

I have
the
Signed C Bowen Col RE.

The Deputy Comr
Bangalore Dt

Sir

With reference to
your letter No 83 Dy 18th July 93
furnishing certain information
in connection with the lands
submerged by the rising of
the ~~waste~~ waste weir of
the Bandikadagihalli
Village tank in the
Devanhalli Taluk, I
am directed to forward
herewith a petition Dy 23rd
instant presented by the
ryots of the Begur Village
Devanhalli Taluk.

2. From the Chief

Engineer's letter no 1208
D/ 8th March 92 to your
address, it is clear that
the P. W. Dept is willing
to lower the waste weir
of the tank to its former
level rather than pay
such a heavy Compensation
as is claimed by the Jodi
-dars. ~~Some of the~~ The petitioners who presented the Petn
~~Judiciars~~ expressed personally
their willingness to forego
their claims either for
exchange of lands now
recommended or for
Compensation for the
submerged area, if the
level of the waste weir
is lowered to its former
level. The ~~Secy, P.W.D~~
Chief Engineer

and the affected lands
were restored made avail-
able for cultivation

Indeed this should have been done in your office long ago

should accordingly be requested to arrange for lowering the Kodi level.

3. The next question for settlement is the Compensation to be awarded to the Jodidars for the loss of crops. The Jodidars claim Compensation for the loss of crops during the last 4 years beginning with Vikruty at Rs 150 per year. In the statement referred to in your letter, Compensation is estimated at Rs 195 for the years Vikruty & Vishu which is clearly wrong — which could not be the case. I am therefore to request that you will take early measures

If as pointed out (the Karen I was understood at the time the original proposal was sanctioned that no compensation will be claimed for lands that will be submerged (raising the water level the proposed claim of the Jodidars is altogether unreasonable However if the Jodidars had actually sustained loss on account of the submersion you are requested to fix the amount of compensation which you consider just and reasonable in the years Vikruty & Vishu, reporting the same for the information of Govt.

for ascertaining the
amount of compensation
to be paid to the Jodidars
~~up to the current year~~ &
decided ~~the amount thus~~
~~awarded~~ from the arrears of Revenue
due from them to the Jodidars by coercive
measures against the
Village ~~being taken out~~
for the arrears that may
be still due by them.

and demand only the remainder

Only if this demand be not duly paid -

4 ~~The~~ The Sale of the Village
~~advertised in the Gazette for 30 days~~
should ~~at all events~~ be
postponed till the orders
conveyed in para 3 are
carried into effect.
~~The~~ I have the
honour

It is my duty to attach & put up the Village to sale when the above claim stands unsettled; & I am directed that

Received

Enclosures No.

General No. 399-40
No. RT72-93.

Stating that arrangements should be made with the Chief Engr. for lowering the Kodi level of the Bandikodagihalli village tank in the Devanhalli Talak, that the Dy: Commr. should fix the Compensation to be paid to the poodidars for the years Vikruthi & Vishu for the loss of crops caused by the raising of the Kodi level, that the Sale of the village should be postponed till the latter part of the above order is carried out &c —

No 3939-40. Dt 25/8/93
R.T. 72-93 30
Sw V.P.

To,

The Deputy Commissioner
Bangalore District

Sir,

With reference to your letter No. 83 dated 18th July 1893 furnishing certain information in connection with the land submerged by the rising of the waste weir of the Bandikodigihalli Village tank in the Devanhally Taluk, I am directed to forward herewith a petition dated 23rd instant presented by the Jodidars of the Begur village, Devanhalli Taluk.

2. From the Chief Engineer's
letter no 1208 dy 8th March 92
to your address, it is clear
that the P.W. Department
is willing to lower the
waste weir of the Tank
to its former level rather
than pay such a heavy
compensation as is
claimed by the Jodidars.
The Petitioners who presented
the petition expressed
personally their willingness
to forego their claims
either for exchange of
lands now recommended
or for compensation for
the Submerged area
if the level of the waste
weir is lowered to its

former level and the affected lands are made available for cultivation. The Chief Engineer should accordingly be requested to arrange for lowering the Kodi level. Indeed this should have been done in your office long ago

3. The next question for settlement is the Compensation to be awarded to the Jodidars for loss of crops. If as remarked by Col Bowen it was understood at the time the original project was sanctioned that no compensation would

be claimed for lands
that would be submerged
by raising the weir
level the present claim
of the Jodidars is ap-
-parently inadmissable.
However if the Jodidars
had actually sustained
loss on account of the
submersion you are
requested to fix the amount
of Compensation which
you consider fair and
reasonable for the years
Vikruti (sic)
~~Vikriasa~~ and Vishu reporting
the same for the informa-
-tion of the Government
and deduct the amount
so fixed from the arrears
of revenue
due by the Jodidar

and demand only the
remainder adopting
Coercive measures against
the village only. if this
remainder be not duly
paid
4. It is unjust to
attach and put the
village to Sale when
the above claim stands
unsettled and I am
to request that the
Sale of the village
advertised in the Gazette
for 30th September
should be postponed
till the orders ~~made~~ conveyed
in para 3 are carried
into Effect

5. The Vernacular papers are herewith returned.

I have seen.

Enclosure & apple

Dy Commissioners Office.
Bangalore District.
Dated 5th May 1894.

To

The Chief Secretary to the Dewan
of Mysore.

Sir,

Referring to your docket No 17185 dated 11th Ultimo, forwarding for R.F. 72-93 report, petition* from Gungadhar Sastry and other Jodidars of the Regur village in the Devanhully Taluk, I have the honor to state that the Kodi of the Bandakodagandahalli Amani here was raised in the year Vikruti and a-9 36-24 of land belonging to the Jodi village of Regur was submerged, as per enclosed list. In Khara, the tank received a small supply of water and the above lands were not submerged, but they were not cultivated. In Nandana, the lands were submerged but the Inamdars were given lands in exchange, as shewn

* herewith referred with Enclosures.

here these lands called ? Kallu ?

in the above list, the assessment of which, however, was collected from the Inamdars - In Khara, Vandana and Vijaya, the Jodi including Cess which was Rs 306-9-3 was reduced by Rs 57-14-6. In Vijaya, the lands given in exchange were taken back, but the submerged Inam lands remained under water and uncultivated, the Kodi having been lowered about 2 months ago.

2. For Vikruti, the Inamdars have been allowed compensation for loss of crops amounting to Rupees 140-"-"-. If matters remained as in Vikruti, the Inamdars should, for their loss of crop at the rate allowed for Vikruti, get for Vikruti, Khara, Vandana and Vijaya Rs 140×4 = Rs 560. From this amount, we have to recoup ourselves, as particularized

in

in the margin- Thus the amount

*For Khard on account of the reduction of Jodi.	Rs 57-14-6.
For Nandana ---- Do ----	Rs 57-14-6.
For Vijaya ---- Do ----	Rs 57-14-6.
	Rs 173-11-6.
Add Compensation for Nandana for which lands were enjoyed by them	Rs 140-"-"-
	Rs 313-11-6.
Deduct compensation payable on a-9 1-3 the difference between land submerged and land given --	Rs 4-1-"
	Balance Rs 309-10-6.
Deduct also Kandayem paid on the lands given in exchange including cess	Rs 156-3-"
	Balance Rs 153-7-6.

due to the Inamdars is Rs 560 minus Rs 153-7-6 or Rs 406-8-6.

3. The Inamdars now claim Compensation for the alleged damage done to their lands and wells by submersion- I have been over all these lands- The so called wells are pits dug up, and they are not wholly filled with earth- The submersion which has left a deposit of silt on the land has been more a gain than a loss. The items of loss are, more or less, imaginary and the Inamdars themselves are cognizant of it. But some of the lands submerged are garden lands on which they usually grow sugarcane, which is a very profitable

crop for more profitable than Rs 4-0-0 an acre, which has been allowed. I have therefore consented to allow them 10 per cent on the amount due to them. It is to be noted that the Inamdars consented to Rs 140/- in the hope that they would retain the valuable lands given to them in exchange, which have since been taken away from them and sold. Thus the total sum due to the Inamdars amounts to Rs 406-8-6 plus Rs 40-10-6 at 10 per cent or in all Rs 447-3-0.

4. The demand against the Village is, as noted in the margin. and the balance due by them amounts to Rs 226-7-0 The demand also includes Rs 105-3-0 for interest and Rs 5-8-0 for notice fee or in all Rs 110-11-0. The Inamdars urge that, this amount, they are not bound to pay, as they withheld the Jodi in consequence of their claim not having been settled. Their contention

For Virute	Rs 306-9-3.
" Khara	Rs 248-10-9.
" Nandana	Rs 248-10-9.
" Vijaya	Rs 248-10-9.
	Rs 1052-9-6.
Deduct collection from the Inamdars	Rs 378-15-6
Compensation due for them as above	Rs 447-3-0
	Rs 826-2-6.
Balance	Rs 226-7-0
	110-11-0
	115-12-0

I

I consider to be valid.

5. I therefore request the Government to sanction the compensation of Rs 447-3-4 minus Rs 140-4-4 sanctioned in Proceedings No. 17182-3 R-7-92 dated 10th April 1894, or Rs 307-3-4, and the writing off of Rs 110-11-4, the interest and Notice fee.

6. The Inamdars represent that the Kodi has not been sufficiently lowered and some of their lands will, in consequence, be submerged. But the Department Public Works has lowered the Kodi in accordance with the levels taken by it. This question can only be settled after the actual experience of the next year. It will of course be open to the Inamdars to claim compensation for such of their lands as experience may prove as being still liable to submersion.

I have the honor to be,

Sir

Your Most Obedient Servant,

27/3/94

To Five Rupees Stamps

His Excellency the Dewan to
His Highness the Maharajah of Mysore.

2868 R
28-3-94.

The humble Petition of the undersigned
Goodidars of the village of Begur, Devan-
hully) Talaque. (Bangalore District.—
(Most respectfully) Showeth.

1. The Government is already aware of
the Correspondence with regard to the
raising) of the Bund of the Tank of Banda-
ko-digonahully) the Consequent Submer-
-sion of the lands of the Petitioners situat-
in the Begur village close to the bed of
the Tank named above, and the order of
Government dated 25th August 1893. to
give Compensation for the loss of pro-
duce.

2. The said bund having) been raised
by the Public Works Department without

without Government Sanction in the year Vicrety 1890-91 the lands of Petitioners were submerged in that very year. On their representations they were informed that Compensation would be given and in the year Nandana 1892-93, lands in lieu of those submerged were given to all the Petitioners except two of them named Gangadara Sastry and Behamanah; in this year Vijaya 1893-94, the Petitioners were informed that the said bund would be lowered and Compensation granted taking away from them the lands given in lieu of those submerged.

3. By notice dated 3rd March 1894, herewith submitted, it will be observed that only 140 Rupees have been given as Compensation for the loss of produce sustained by the Petitioners during only one year.

4 They are entitled to such Compensation

Compensation for Vicinity; Khara, Van-
-thana and Vejaiya-as in Vanthana, Kan-
-dayam was collected from them for
the lands given in lieu of those submerged
instead of allowing them to enjoy such
lands as good. and as the bund was
lowered only in the month of February, 1914
5. Their former lands lost the yielding
virtue by being under water for four
years, the wells therein have been spoiled
they sustained loss by repairing the
new lands given to them in Vandana
being under the impression that they
were going to enjoy them for ever as
good lands, they will have to spend
a good deal now to bring their former
lands to their original yielding State,
and without Considering the above
disadvantages to which they were
put there is a strict demand for the
money due to Government with
interest and Cost of notice fee.

6. The Compensations for the 4 years amounts to 560 Rupees and while they are entitled to a remission of this amount from the 9oic due, it will be observed that the deduction (only) 140 Rupees would (really) fall upon them. They are now threatened with a sale of their village without granting them their actual loss. Petitioners therefore most humbly pray that the Government will be pleased to Consider the above representations and pass the necessary orders at as early a date as possible thereby avoiding the sale on the 27th of April 1894 ordering its stay until this petition is disposed of.

7. The Public Works Department have not lowered the said bund to its former level and by this same of the lands will still be under water

water if rain should fall in, and the tanks filled with water. Petitioners beg that necessary orders may be passed in this respect also.

We beg to remain

Your most obedient & humble

Servants.

Read :—

Petition Registered No. 2868 dated the 28th March 94 from the Jodidars of the Begur village in the Devanahalli Taluk, praying that compensation for loss of crop be paid to them for 4 years during which their lands were under water owing to the raising of the waste weir of the Bandakudigenhully Anáni Tank in the said Taluk.

Letter No. 1332 dated the 5th May 1894 from the

Deputy Commissioner of Bangalore, reporting upon the above petition

---

Order thereon: — Do 4892 / R.T.72-93 dt 10-9-94

The settlement re-commended in the Deputy Commissioner's letter above read seems to be on the whole equitable, and Government are pleased to direct the payment of (Rs 447-3-0 minus Rs 140/- sanctioned in Proceedings No 17182-3 / R.T.72-94 equal to) Rs 307-3-0 in settlement of all

claims, and the writing off of Rs 110-11-4 the interest and notice fees.

2. It is not clear from the Deputy Commissioner's letter whether or not the Inamdars cultivated in Navidana (1892-93) the lands which had been given them in exchange. If they did, a reduction of Rs 140/- will obviously have to be made in the amount now sanctioned.

3. With reference to

the last para (No. 6) of the Deputy Commissioner's letter, the Deputy Commissioner's attention is invited to Chief Engineer's No. 4309 dated 20th Ultimo (copy annexed) from which it appears that the Kodi has been lowered to its former level. All cause for complaint seems thus obviated.

4. The Deputy Commissioner is requested to issue a detailed endorsement to the Inamdars and

and proceed to recover the arrears of Revenue due on the villages in due course.

Draft

he can do so without interfering with the land - As a matter of fact the agent could report whether it clear that he has been so enjoying from time immemorial and it follows that he is entitled to be compensated for any loss which resulted from any temporary obstruction to such enjoyment In this view I cannot accept the opinion which is unsupported by any evidence of the Dy Comr that the Jodeden is not entitled to any compensation on this account. The sum proposed by the agent Comr according to is sanctioned & the Dy Comr will take the necessary action to have it distributed to the Jodeden & to the holder of the mine

which is the bed of the tank in question regarding these items the Extra Comr states the facts as follows:-

(Copy para 2 upto the word land marked in blue pencil by me) — The Extra Comr does not controvert these facts. Assuming that they represent the real state of things it is apparent that the Jodeden who is the proprietor of the land is entitled because it is subject to the right of both drawing the water of the tank and on it. While the Jodeden is under a disability to prevent water standing on it he is certainly not disabled from cultivating it when

The Chief Secretary to the Dewan
of Mysore.

Sir,

I have the honor to acknowledge (18)
the receipt of your docket No. 71184
R.F. 72-93
dated 10th April last, forwarding
for report a petition from Subba Row,
Jodidar of Chikkanahally in the
Devanhally Talnk, praying for com-
-pensation for loss of crops, owing to
the raising of the waste weir of
Bandakodigenahally Tank in the
same Talnk.

2. Chikkanahally is one of the
Jodi villages affected by the restor-
-ation of the Tank alluded to. As
in the case of Jodi Begur, which
was disposed of in Government
Proceedings No. 4892 (21) dated 10th
R.F. 72-93

September 1894, 2 acres and 21 guntas of garden land were newly submerged in addition to 17 acres and 26 guntas of No 9, forming the manoel bed of the Tank. The Jodidar claims compensation for loss of crops on these lands and the 1st Asst. General Commissioner recommends a payment of Rs 212-10-8, as detailed below.

Rs: 50.	for destruction of Sugarcane crop on Nos 10, 11 and 6 in the year Vikruti when the weir was raised.	
"-30-4-9.	for loss of cultivation on them during Khara Nandana and Vijaya at Rs 4/- per acre, the rate allowed to the Jodidars of Begur- Vide this Office No 1332 dated 5th May 1894.	Please see serial No 21 in file No 72 of 1893-94 (Inward)
"-52-15-2.	for destruction of paddy crop on No 9 in Vikruti at Rs 3 per acre.	
"-79-6-9.	for loss of cultivation in Khara, Nandana and Vijaya at Rs 1-8- per acre.	
Total 212-10-8.		

	A-G.
× No 10	1-8.
" 11	"-30.
6	"-23.

The

The Jodidar and a Minor Inamdar whose land is included in No. 11, consent to the Settlement.

3. During the period the new level of the Tank had been raised, the Jodidar of Chikkanahally received no concession either by reduction of Jodi or grant of exchange land as had been shown to the Jodidars of Begur.

4. Survey No. 9 has always been a portion of the bed of the Tank, and as such, is not to be cultivated. Mr. Raghunatha Rao says that the Jodidar has always been cultivating it with Punji paddy when it is out of water and is therefore entitled to compensation, in which opinion I do not concur.

5. All the papers both English and Kanarese are herewith submitted for reference and return.

I have the honor to be
Sir
Your Most Obedient Servant

for by Commissioner

Read. 30

Petition Registered no: 2088 dated 19th January 1894, from Sooba Row, Jodidar of Chick-kanahalli in the Dévana-halli Taluk, for compen-sation for loss of crops incurred owing to the raising of the waste-weir of Bundakodaganhalli Tank in the same Taluk.

Report dated 18th Decr 1894. No: 719 from the Deputy Commissioner, Bangalore, on the subject.

4130

No 14967-8-D/13·3·95
R.T. 72-93/16.

1 ver. file

11	" -- 30
6	" -- 23
	2 -21

of 2 acres and 21 guntas of garden land described in the margin was submerged, and the Jodidar claims compensation for loss of crops on the lines ~~ordered~~ allowed for the Jodidars of the Begur Village in Govt: Rev: 4892 RT 92-93 dated 10th September 94.

The 1st "General Assistant Commissioner ~~/~~ Bangalore District recommends payment of Rs 212-10-8 as per details given below: -

Rs 50. for destruction of sugarcane crop on Nos 10, 11 and 6 in the year Vikruti (1890-91) when the weir was raised.

30-4-9. - for loss of cultivation on them during Khara, (1891-92) Nandana (1892-93) and Vijaya (1893-94) at Rs 4/- per acre, the rate allowed to the Jodidars of Begur.

52-15-2. for destruction of paddy crop on No: 9 in Vikruti (1890-91) at Rs 3 per acre

79-6-9 for loss of cultivation in Khara (1891-92), Nandana 1892-93 and Vijaya at Rs 1893-94 1-8-- per acre.

Total 212-10-8

the

3 - The Jodidar and a minor Inamdar concerned are stated to consent to the above settlement.

4 The Assistant and Deputy Commrs are both agreed in fixing the compensation, but the latter demurs to ~~(the)~~ ~~document~~ of Rs 132-5-11 being awarded on account of the loss of cultivation on survey no: 9 which is the bed of the tank in question. Regarding these items the Assistant Commissioner states the facts as follows:—

"No. 9 is a Punaji Paddy "land consisting of 17 acres "and 26 guntas. It lies within "the boundary stones setup "for the Jodi Village. This is "in accordance with the "sale deed executed by "the orijnal donees of the "village. It is a part of the bed

-bed of Bundakodaganahalli
"Tank and is submerged periodi
-cally; but from time im-
-memorial, it has been
"cultivated with Punaji
"Paddy annually, immediately
"after the receding of the Tank
"water, in the same manner
"as the Jodidar of Gaggalgotte
"is even now doing in the bed
"of Chevroyatna Tank. Although
"in the Survey, No: 9, was brought
"under Kharab on the ground
"of its submersion, the culti-
-vation of it was not expressly
"prohibited and the Jodidar
"does not seem to have at-
"any time ceased to culti-
-vate it. It would appear
"that by long established
"custom, he has acquired
"a right to cultivate the
"land."

5 — The Deputy Commr:

does

does not Controvert these facts.
Assuming that they
represent the real state
of things it is apparent that
the Jodidar who is the pro-
-prietor of the land is en-
-titled to use it subject to
the right of Govt. storing
the water of the tank on it.
While thus the Jodidar is
under a disability to pre-
-vent water standing on it,
he is certainly not disabled
from cultivating it when
he can do so without inter-
-fering with the tank. As
a matter of fact, the Asst
Commr's report makes it
clear that he has been
so enjoying from time
immemorial and it
follows that he is entitled
to be compensated
for any loss which resulted
from any temporary
obstruction

obstruction to such enjoy-
-ment. In this view the
Govt cannot accept the
opinion of the Deputy Commr
which is unsupported by
any reason, that the
Jodidar is not entitled
to any compensation on
this account. The sum
proposed by the Asst.
Commr. amounting to
Rs 212-10-0 is sanctioned
and the Deputy Commr.
is requested to take the
necessary action to have
it disbursed to the Jodidar
and the holder of the
minor drawn.
